

# Are you ready to open or grow your child care business?

## Caring for MI Future is here to help!

Caring for MI Future is a statewide effort created to help child care entrepreneurs like you open or expand child care businesses - providing support from idea to grand opening!

Ready to get started? We have free tools available to help you start or grow your business.

- Personalized support from child care licensing experts
- Grant funding to cover costs while you get started, including facility improvements
- Help to build a business plan for long-term success
- Support to recruit and develop staff
