

BE PART OF YOUR PROFESSIONAL ASSOCIATION

Engage with a broader community

Early childhood educators work hard every day to help young children thrive. It's important that these individuals and child care businesses have the support and resources they need as they make a difference in the lives of future generations.

Members of the **National Association for the Education of Young Children (NAEYC)** and **Michigan AEYC** add their voices to a much broader community, advocating for children and each other. Members enjoy access to both national resources and local professional development and networking.

Members receive registration discounts on both statewide and national events and trainings. It also offers members the chance to give back through advocacy and service opportunities.

But that's just the beginning. We are committed to serving our members better than we ever have. Visit our website to learn about all of our member benefits, and join today.

There has never been a better time to **JOIN!**
