Year-Round Partnerships

Early educators and families work every day to make a difference in the lives of young children. Michigan AEYC works to support these remarkable individuals by amplifying their voices, and passionately advocating for what we know to be right for children, their families, and educators. Michigan AEYC promotes high-quality early learning for all children, birth through age 8, by connecting practice, policy and research. We advance a diverse, dynamic early childhood profession and support all who are for, educate, and work on behalf of young children.

Michigan AEYC works year round on behalf of young children, their families, and early childhood professionals. This includes partnering with state agencies and legislators to champion policy changes, promoting equity and diversity with our organization and the early childhood field, supporting the early childhood workforce through professional development, and more.

We invite you to become a year-round partner of Michigan AEYC. Together, we can drive change within the early childhood field. As a partner of Michigan AEYC, you will have opportunities to connect directly with Michigan AEYC members. Each partnership level provides a variety of opportunities to align with your organization's mission. If your organization is looking to drive change, consider year-round partnership. If your specific needs cannot be met within our partnership opportunities we welcome you to reach out to discuss additional opportunities. Let's work together!
