

# Michigan State Fact Sheet

Access to high quality early childhood education (ECE) boosts the well-being of children and helps parents get and keep a job. It's time for policymakers to build the supply and quality of child care and early learning by investing in early childhood education and educators working in centers, schools, and homes.

## Our State's Families Need Quality, Affordable Child Care and Early Learning

**643,686**

children are between the ages of 0-5 <sup>(1)</sup>

**69%**

of children have all available parents in the workforce <sup>(2)</sup>

Currently **provides** scholarships to support early childhood educators in accessing professional development, and earning credentials and degrees <sup>(8)</sup>

## Federal Investments Support Access to Child Care and Early Learning and Increase the Well-Being of Children, Families, and Educators in Our State

Programs including CCDBG, Head Start, IDEA, CCAMPIS, CACFP, CHIP, TANF, SNAP, MIECHV, and Medicaid, as well as tax credits such as the Child Care and Dependent Tax Credit and the Child Tax Credit, provide critical investments to support the well-being of young children, their families, and the early childhood educators who support them.

From the ECE field

**“Honestly, our staffing is the biggest stressor and that has been going on for a few years now.”  
—Coach/Professional Development**
